Rafting to the Border

The excursion starts from Bariloche by the route 258 toward the south, during the itinerary we will be able to admire landscapes of incomparable beauty in lakes Gutiérrez, Mascardi and Guillermo, and in the imposing Cañadón de La Mosca.

Reaching the Villegas River we enter a dirt road into the Inferior Manso river Valley. After about 30 kilometers we arrive to our departure place where a snack of sandwiches and coffee is served, before being equipped to start the rafting excursion.

Ozone Hole, Picapiedras, Devil's Intestine, Tobogancito, Deep Throat, Scrambled Egg, Extasis, Relax, Vaseline and the International, are the class III and IV rapids that are waiting for us in this river of spectacular beauty.

Our cook will be waiting for us with a fully prepared lunch in our private field at the León Pass, Chile, where we arrive with the boats.

To return, we walk for approximately one kilometer to the border, where the vehicles that will take us back to Bariloche are parked.
